of the Mysore Service Regulations (Vide G.O. no. 9279-80 Agri 100-06-3 16-4-1907). The farm servants at present are not therefore, entitled to any travelling allowances as in the case of the permanent Establishment. Single railway fare to & fro has however to be paid from contingencies & it is being so paid when these servants are sent to mofussil stations on demonstration & other work. The question is therefore with reference to the grant of daily Batta of an anna & a half per day and mileage, if any.

Submitted for orders. 20.3.11

Note — It is not possible to employ cultivators to do the work of these men, as some knowledge of dealing with the machines and implements concerned is required to carry out the demonstrations successfully. It is therefore but fair that they should be given mileage travelling allowances.

The Respondents do not make any distinction in the class of officers. By the Rules Issued by the Secretary to Government Rule Civil Leave Allowances Special orders apply. It follows therefore that temporary Asst Commissioners Messengers Allowances because they are not entitled to leave or pension they cannot draw T.A. Travelling Allowance, it seems to me, be paid but should be charged as such to the Contingencies - no matter what the rate allowed may be. A single class fare to Agra and Rs 5 daily for 13 days as in the case of Menials + Sweepers are here & there - may be passed.

[The reason for charging the T.A. to Contingencies appears to be that the Temporary Asst is charged to Contingencies. Messengers Correct. No Claims should be drawn & passed on Establishment heads "Temp. Asst" and

When a scale of pay is fixed he should be entered as on monthly pay & "Temporary Establishment" and provision both for pay and T.A. made in the Budget. Not a charge to Contingencies. However the question of T.A. is admissible. These people are sent out. I suggested that these people may be given Rs 1 and a half annas per day as for menials & coolies on this point.

Sir,

As I send out the Farm servants to different parts of the State with officers in connection with the demonstration of improved agricultural implements &c and as the services of these are non-pensionable I am unable to draw the travelling allowances due to them out of the allotment for travelling allowances to the establishment by making bills in the form prescribed. I therefore request that you will kindly let me know if I can pay to them the same amount of travelling allowances as the menials of permanent establishment are entitled and charge the same to the contingencies of the Experimental Farm.

I have the honour to be,
Sir,
